

HOBART

THE BENCHMARK FOR QUALITY AND INNOVATION

Dishwashing
Systemisation

The complete solution

Dishwashing Systemisation

1 INLET TABLING WITH SINK, SPLASH BACK AND UNDER SHELF

Available in a range of standard lengths for 2, 3, or 4 baskets and for left or right operation.

2 PRE-RINSE SPRAY UNIT

Quickly removes light soiling prior to dishwashing to help keep wash water cleaner and reduce detergent consumption. Includes independently operational mixer tap.

3 BENCH MOUNTED WASTE DISPOSER

One of a range of different capacity models providing simple and efficient disposal of both cooked and raw food waste.

4 COMPARTMENTAL GLASS RACK

Sized precisely to suit specific glassware, individual pockets and open design ensure glasses are cleaned more effectively and protected from scratching or breakage. Easy to stack and store.

5 12 PLATE RACK

Ensures plates, dishes, etc. are precisely positioned to ensure effective cleaning of ware. All Hobart racks are designed to maximise water flow and minimise shielded areas.

6 RACK TRANSPORT DOLLY

Allows easy storage and smooth transportation of stacked racks.

7 DOUBLE RACKING

Racks are stackable and in combination with powerful dishwashing performance, this allows two racks to be washed together. Delivers increased capacity and reduced operating costs.

8 OUTLET TABLING

Available in four standard lengths for 1, 2, 3 or 4 baskets (including a set of rack storage runners (excluding SC650).

9 PLATE TROLLEYS

Available in various sizes for safe handling and transportation of crockery. See Handling & Storage section.

10 REVERSE OSMOSIS UNIT

Eliminates polishing of cutlery and glassware by removing the minerals in the water which cause spotting and streaking.

11 EXTERNAL WATER SOFTENERS

Ideal for use with rack, flight and utensil washers. Choice of capacities available for hot and cold water supply. Fully automatic operation with integral salt reservoir.

12 OPEN/CUP RACK

A universal rack for washing sundry items such as cups, mugs, bowls and teapots.

Dishwashing Systemisation

Key Features

- ▶ Hobart Standard Tabling Systems are designed to perfectly complement any Hobart Hood Type Dishwasher.
- ▶ Manufactured from high quality 304 grade stainless steel.
- ▶ Available from stock.
- ▶ Come in a range of standard sizes up to 4 racks in length.
- ▶ Swaged tops add strength and allow racks to slide smoothly.
- ▶ Undershelves are standard on inlet tables.
- ▶ Welded construction for added durability and rigidity (excluding SC650).

- ▶ Exit tables feature standard basket runners for 4 racks (excluding SC650).
- ▶ Adjustable screw feet with 25mm adjustment for easy levelling.
- ▶ Inlet tables are supplied with a full length splashback and drilled to accept a Hobart pre-rinse spray with separate swivel mixer tap.
- ▶ Palletised for ease of handling and damage protection.

Tabling

Tabling Standard Tabling Systems

INLET TABLING

	DEVICE NUMBER	DESCRIPTION	
	SD1150L/R	Inlet Tabling - 1150mm - 2 rack capacity	Includes sink bowl with separate splashback, square tubular leg frame and swaged top. Drilled to accommodate pre-flush spray and separate swivel mixer tap.

Bespoke tabling is available on request

Dishwashing Systemisation

Key Features

The Hobart range of extremely durable racks handle any type of tableware from the toughest china to the finest glassware. Double walled design and base ribbing make them ideal for

heavy duty use. Less than half the weight of wire racks, they do not scratch work surfaces, won't corrode and are quiet in use.

Racks

Racks Standard Racks

STANDARD RACKS 500 x 500mm racks suitable for a variety of ware

	DEVICE NUMBER	DESCRIPTION
	P18-12	Plate Rack - 9/6 spaces - Full Peg for 18/12 - plates 9/7 trays 470mm maximum - 500 x 500 x 70mm
	B00-07	Universal Rack - Wide Mesh Bottom 500 x 500 x 70mm
	B00-11	Universal Rack - Wide Mesh Bottom 500 x 500 x 110mm
	B00-16	Universal Rack - Wide Mesh Bottom 500 x 500 x 160mm
